

Pre-surgical instructions for **Adult Dogs**

Please withhold food after midnight the night before surgery. Water can be left out throughout the night but do not allow your dog to gorge themselves on water in the morning before they come in.

If your animal is current on their rabies vaccination, you must bring their shot record or rabies vaccination certificate with you in the morning or we will require they get a new one while they're here.

Please arrive between 8 and 9 am. We are strict regarding our drop off times. If you arrive after 9 am you will be charged a \$10 late fee per animal. When you arrive, please make sure to leave your dog in the car while you come in and fill out the necessary paper work. When your paperwork is complete, please hand it up to the front desk. We will instruct you on when to bring your animal in.

If you have a voucher, please bring it with you in the morning. You will be charged full price if we do not receive your voucher.

Your dog will be ready for pick up between 4 and 5 pm the same day. We also sell e-collars, protective plastic cones that keep them from licking at the incision, for \$5.00. We accept payment at pick-up in the form of cash, personal checks with proper ID and Visa/MasterCard/Discover for an additional \$2.00 fee.

If you have any questions, or you need to cancel or reschedule your appointment, please give us a call the clinic at 396-8707. You will receive a reminder call the night before the surgery.

Thank you!

Pre-surgical instructions for **Dogs under 4 months**

Because your animal is under 4 months, please withhold food after midnight tonight but feed them ¼ of the amount of food they regularly eat in the morning, before you bring them in. Please continue to allow full access to water.
